

ITG PI Air Purifier

	Brand	Wetzel-ITG	Model	PI-W/S
	Effective Area	Max. 60 m ²	Power Supply	220V/50HZ
	Machine Material	ABS	Input Power	Max. 50Watt
	Weight	6.8kg	Noise Level	35-38dB
	Cable Length	1.2m	Size	360*207*628mm
	Driving Motor	Low noise efficient brushless direct current motor		

Outdoor and Indoor Air Pollution

4 Filters

<p>The 1st Filter</p> <p>Pre filter It can block big particles in the air, for example: hair, particles and dust. It can also extend the service life of last filters.</p>	<p>The 3rd Filter</p> <p>Hepa filter 100% block 2.5µm inhalable particles, can 99.9% block particles.</p>
<p>The 2nd Filter</p> <p>Nano mineral crystal and active carbon filter Active carbon can adsorb bad smell and chemical substances, noxious gas like formaldehyde and toluene.</p>	<p>The 4th Filter</p> <p>Positive and negative ions bacterium removing Highly effectively kill bacterium and restrain them from growing.</p>

Powerful Functions

- 
Professional filter system
 Can remove allergen, harmful gas, bacterium and mould.
- 
LED air quality indicator
 Green-very good, Blue-good, Pink-fair, Red-Bad.
- 
4 Fan speed choices
 You can choose the needed fan speed on the control panel.
- 
Bacterium purification mode
 Positive and negative ions can release tremendous energy, which can change bacterium structure and kill the bacterium.
- 
Intelligent air quality inspection.
 Can precisely inspect the indoor air quality and choose the suitable fan speed.
- 
Smart lock
 When the filters haven't been changed timely, the machine is automatically locked.
- 
Sleeping silent mode
 In sleeping silent mode, the machine is silent and energy saving.
- 
Air filter changing reminding
 The indicator shows when it is needed to change the air filters.

Applicable Areas

Living room

Fresh and clean air
Enjoy healthy and comfortable environment

Study

Air cleaning, bacterium removing
Enjoy the pleasure of study

Bedroom

Silent and energy saving
Healthy breath improves sleeping quality

Office

Healthy, fresh and clean air
Comfortable working environment
High working efficiency
